

Welcome to the Kansai Gateway Visitor Tour

Thanks to the continued support of our customers,
Yamato Group celebrated its centenary in 2019.

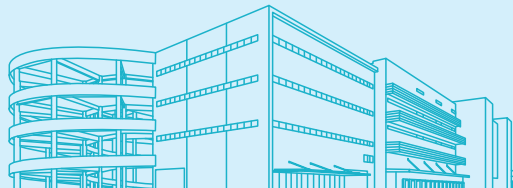

The last 100 years has seen so many changes
in lifestyle, business and society.

Our services and role also transformed
as we continued to grow.

Kansai Gateway, where we stand today,
plays a key part in supporting
an array of logistics operations including TA-Q-BIN.

This visitor tour offers the experience to see
the scheme of TA-Q-BIN, our equipment and systems
and the vision for the next 100 years of Yamato Group
through videos, displays and seeing actual parcels
as they pass by in front of your very eyes.

So look, listen, touch and enjoy.
